(above may be given in combination as MMR)

Lead Screen (if not done in preschool) Mandatory for children living within Chicago city limits

For Sixth Grade:

Diphtheria, Tetanus, Pertussis (DTP): 4 doses - last dose must be a booster, given after the fourth birthday

Tdap booster

Polio: 3 doses - last dose must be a booster, given after the fourth birthday

Measles: 2 doses

Mumps: 1 dose

Rubella: 1 dose

(the above may be given in combination as MMR)

Hepatitis B: 3 doses - Note: this series may take up to 6 months to complete

Preschool, Kindergarten, and Sixth Graders all require a physical exam, with diabetes screening for new students.

These physical exams and immunizations must be completed and recorded on the attached form by the first day of school, to be in compliance with the Illinois State Board of Health. If you have any questions, please call the school office at 767-6160, or ask your pediatrician. If your child's schedule of immunizations is incomplete or different for any reason, a written statement from the doctor will be necessary.
